November/December 2011

Exhibition Pavilion Entrance Project

Work has started on our Exhibition Pavilion Entrance Project. We are about three weeks into the project and expect it to be completed by mid November. The Novaskill construction course are working on new footpaths from the Pavilion entrances and plant-a-boxes along the edge of the paths. The paths will create easier access to the building and students will learn skills in concreting, setout, formwork and block laying. ETC's Work for the Dole team are working on creating gardens surrounding the entrance and paths which blend in with the natural, tranquil surrounds of the reserve.

Results are in.....

The waiting in anticipation of the results of the finals is now over....the Coffs Harbour Showground is now in the top 3 finalists for the 2011 Crown Reserve Trust Award. This is such a great accomplishment for the Trust, and we now look forward to the Gala Dinner Presentation on 5th November.

Community Projects

We are proud of our community involvement and continually looking for ways to increase the community usage of the Showground. If you are involved in a local community group that could utilise our services, please feel free to **contact** our friendly staff.
